

TOPICS

EARTHQUAKES & VOLCANOES

In French, the children will learn about the weather. They will make a weather forecast for their chosen country.

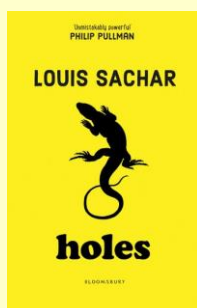

YEAR

6

This half term, the children will continue to learn about Earthquakes and Volcanoes. The children will learn how they happen and how they are formed. They will also find about the impact of these natural events.

We will be reading...

P.E lessons will be Football and Dance. The lessons will take place on Wednesdays and Fridays.

The main genres which we will be covering in our English lessons will be:

- Fantasy Stories
- Balanced Argument
- Information Text

In Maths, we will continue to practise arithmetic and reasoning questions, but our main focus will be on:

- Ratio
- Algebra
- Pie Charts

A range of mathematical challenges

In Science, the children will to continue to focus on electricity. We will look at the different symbols and draw circuits.

The children will make their own circuits to investigate the brightness of a bulb, and how the position of switches affect it.
